RSMP Effectiveness Studies

2010

SWG recommendations to Ecology

- Effectiveness effort should be half of RSMP
- SWG will develop process/criteria to select topics from permittees' ideas plus other ideas submitted by SWG caucus members
- The process will be informed by a literature review and is envisioned to be ongoing in order to learn and adapt and continue to select and conduct future studies

RSMP Effectiveness Studies

2011

Compiled ideas and ranked the list

- **April: >170 ideas from permittees and others**
- **May-August: Effectiveness Subgroup compiled, organized, evaluated, ranked, edited and recompiled ideas into list of 22 topics and associated questions**
- **September: SWG approved the list and sent it to Ecology**

RSMP Effectiveness Studies

2012-2013

Consider findings, revise list

- Jan: Literature review completed
- Feb-July: subgroup finds that the literature review synthesis job is too big for a volunteer effort
- August: permit issued, GROSS grant to AWC
- Nov-April: consultants' literature review synthesis
- May: SWG discussed revised list, changes made
- June: SWG approves new list and send to Ecology

RSMP Effectiveness Studies

Ahead

- September 2013: workshop to identify interest and opportunities to collaborate
- January 2014: RSMP budget known
- RFPs in early 2014
- First study starts in August 2014 after funds come in from permittees
